QUALITY POLICY STATEMENT

Abtech Safety Ltd's quality commitment is to liaise with the customer at all times to ascertain their individual requirements, to supply the highest quality of products and services, fit for the intended purpose, to ensure the product is competitively priced and to offer full after sales technical advice service.

Our aim is for continual improvement through involvement and participation of all levels of management, employees and other interested parties.

Abtech Safety Ltd believes that all aspects of its operations should be carried out in such a way as to have a minimal adverse effect on the environment, with minimisation of potential environmental impacts associated with activities ensuring adequate management and disposal of waste.

We will continue to assess our activities, products and services with respect to the impact on quality and the environment, incorporate controls necessary in order to prevent environmental damage and pollution, meet regulatory requirements and seek continual improvement.

The Quality Policy will be communicated, understood and applied within the organisation.

The Quality Policy is available to all interested parties as appropriate.

This policy will be maintained as documented information.

A handwritten signature in black ink, appearing to be "IAN JONES", written over a circular stamp or mark.
